

## *Estuary Exchange*

*October 2025*

**ST. ANDREW & ST. JOSEPH BAYS**  
**ESTUARY PROGRAM**  
*at FSU PANAMA CITY*

*Together for the Bays*

Hello, October!

In this edition of Estuary Exchange, we're sharing highlights from the Race for the Bays, details on this month's Tides and Talks, and a look ahead at upcoming workshops and meetings, including our annual Community Action Committee meeting. To get into the Halloween spirit, we've got pumpkin carving stencils featuring estuary animals and a Science Corner that slithers into the world of snakes with some fun (and slightly spooky) facts.

There's plenty to enjoy this month, so grab your pumpkin and join us in celebrating our bays this October!

## *Race for the Bays Recap*

---

THANK YOU to everyone who made the 2025 Race for the Bays a success!

Whether you volunteered to keep things running smoothly, sponsored the event, or laced up to run with us, we are so grateful for your support.

Our second Race for the Bays brought together 270 runners across the 1K, 5K, and 10K races, and together we raised funds to support projects that will help #ProtectAndRestore our bays.

- Race Results: <https://www.secondwindtiming.com/result-page/?id=364089>

- Race Photos: <https://runsignup.com/Race/Pho...>

We couldn't do it without this incredible community. Thank you for running, cheering, and supporting our program and bays. We'll see you next year for our Race for the Bays on September 26th, 2026. Be sure to follow us on social media to receive early information for next year's event.

#TogetherForTheBays #ProtectAndRestore

## Halloween!

---

This Halloween, pick up a pumpkin and carve out your love for our bays! Download these free pumpkin carving stencils featuring animals from St. Andrew and St. Joseph Bays. You might even discover a fun fact or two!

## Tides & Talks

ST. ANDREW AND ST. JOSEPH BAYS ESTUARY PROGRAM PRESENTS

ST. ANDREW & ST. JOSEPH BAYS ESTUARY PROGRAM  
of FSU PANAMA CITY

# Tides & Talks

WHERE CONVERSATION STARTS

October Topic: Longleaf Pine Restoration  
When: Thursday, October 9th, 3:00PM CDT  
Where: Destination Panama City, 101 West Beach Dr.

For more info go to:  
[sasjbep.org/events/tidesandtalks](https://sasjbep.org/events/tidesandtalks)

AND STEWARDSHIP FLOWS

This month's Tides & Talks will feature a presentation on Longleaf Pine Restoration with a guest speaker from the Northwest Florida Water Management District. Join us to explore the

ecological importance of longleaf pine trees and the ongoing efforts to restore their populations across the Florida Panhandle.

When: October 9th<sup>th</sup> 3-4pm CDT

Where: Destination Panama City

## *Science Corner*

### Slither Into Fall

With the arrival of “spooky season”, we’d like to introduce you to some neighbors you might not readily appreciate: snakes! These misunderstood reptiles can be found in every type of habitat across the watershed. They provide valuable services by controlling rodent populations and are a vital food source for birds of prey and other wildlife. While their appearance may be startling, these creatures would much rather hide or slither away than bite. So, if you see a snake, the best thing you can do is leave it alone.

Florida is home to 44 different kinds of snakes, and 12 of them are found only in North Florida. Some of these, like the smooth earth snake, are small, harmless snakes you might spot right in your garden, wriggling through leaves or using their snouts to dig for small prey. By the water, you might see non-venomous water snakes basking on riverbanks or resting on low branches, and if you’re hiking in the pines, you might even come across an eastern diamondback rattlesnake. Some snakes in our watershed are rare, including the eastern kingsnake, Gulf salt marsh snake, and Florida pine snake. You can help FWC scientists document some of

these rare species by filling out this survey if you see any of them:

<https://app.myfwc.com/fwri/raresnakes/userhome.aspx>

This fall, take a moment to appreciate you quiet, slithering neighbors and check out these resources for more information: [Living with Snakes](#) [Gardening with Wildlife](#) and [Snakes of the Florida Panhandle](#)

October 3rd - 12th

### 4th Annual Panama City Beach Fishing Rodeo

The Panama City Beach Fishing Rodeo is back again for a week of fun! From October 3rd through the 12th, participate in events from a Kids Fishing Clinic, Daily tournament check in and prizes, a Seafood Festival, and more.

October 18th, 2025

### Operation H2O: Youth Water Quest

Join us on Saturday, October 18th from 10 AM to 2 PM at Earl Gilbert Park in Parker, FL for a FREE day on the water. Activities will include: Boating, Kayaking/Canoeing, Jet Ski Rides, Water Safety Lessons. Food & Drinks Provided.

## Upcoming Meetings

---

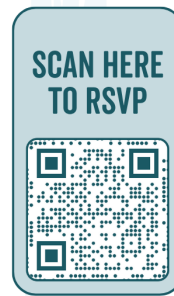

### Annual Community Action Committee Meeting

# COMMUNITY ACTION COMMITTEE MEETING

Join us for our annual Community Action Committee meeting!

-  Become a "citizen ambassador" for the Estuary Program.
-  Help us determine the needs and interests of the community.
-  Lunch Provided! RSVP to save your plate.

Contact: [estuaryprogram@pc.fsu.edu](mailto:estuaryprogram@pc.fsu.edu)

**11.6.2025**  
**11 am-1 pm CST**

Destination Panama City  
101 W. Beach Drive  
Panama City, FL

**ST. ANDREW &  
ST. JOSEPH BAYS**  
ESTUARY PROGRAM  
at FSU PANAMA CITY

Become a citizen steward for our bays!

Join us on Thursday, November 6th from 11 am-1 pm CST for the Estuary Program's annual Community Action Committee Meeting. This gathering is your chance to share ideas, highlight community needs and interests, and strengthen the connection between our community and the estuary program. Help us determine our focus for the next year on activities that align with our Comprehensive Conservation and Management Plan (CCMP). Together, we'll build the partnerships needed to ensure the program's lasting impact.

Lunch will be provided.

Please RSVP to reserve your plate!
